INTERACTIVE UNIT STUDIES

EVERYDAY EXPLORING - EXTRAORDINARY LEARNING

If you have searched for a product which will allow you to teach the whole family together, engaging preschool to high school students alike – Adventure Homeschool has the solution.

Our unit studies are packed full of hands on learning activities to help students of all learning styles and abilities make the most of homeschool.

The Wildlife Adventures line is based off of animals – and kids love them! Bible, Handwriting, Science, Spelling, Vocabulary, History, Geography, Art and more – for the whole family. New Teen Pages are included in the Owls and Alligator studies – and are being added to all of the original unit studies as well.

Homeschooling provides the opportunity to inspire your child. Make the most of it!
